Ravens Autumn 2 Overview:

Class Daily Read: Charlotte's Web – E.B.White

Big Events: Residential/Christmas Pantomime

English

Fiction: Children will create the opening to a narrative, focusing on ambitious vocabulary and varied conjunctions.
Non-fiction: they will be writing a non-chronological report linked to animals.

Maths

This term pupils will build on their learning of the four operations. They will learn how to use formal written methods for addition, subtraction, multiplication and division.

History

Children will continue their learning about the Ancient Egyptians this term. They will learn about mummification, the pyramids and the Valley of the Kings.

Science

Pupils will learn about Electricity in this unit. They will explore the different electrical components required to make a series circuit and will also learn about conductors and insulators.

Geography

This subject will be taught again next term.

PSHE

'Celebrating Difference.'
Pupils will learn about different perceptions of 'normal'. They will explore differences, power, anti-bullying and empathy and the difficulties faced in the past for women voting.

Art

Our focus this term is craft and design. Children will be designing ancient Egyptian scrolls.

RE

Pupils will consider the question 'What is the Trinity and why is it important for Christians?'

Music

Pupils will explore the glockenspiel in this unit. They will look at composing and reviewing music that involves this instrument.

PE

Pupils will be developing their understanding of rules and gameplay in Football and Hockey.

Computing

Pupils will learn about touch typing this term. They will become more familiar with a keyboard and word processing through different touch-typing strategies.

French

Pupils will develop and practise their language learning strategies, using adjectives of colour, size and positioning of objects.
