Friday 11<sup>th</sup> September, 2026

Dear Parents/Carers,

As part of our curriculum work, pupils have a home learning project to complete this half term. They may choose one activity related to our learning in Science, History or Computing.

**Science – Forces**

 **Forces Investigation**

Carry out an investigation into friction, air resistance or water resistance. Record what you tested, what happened and what you discovered.

 **Forces in Action**

Create a poster or model showing different forces in everyday life. Include examples of pushes, pulls, gravity, friction and resistance.

**History – Crime and Punishment**

 **Crime and Punishment Timeline**

Create a timeline showing how crime and punishments have changed from the Anglo-Saxon period to modern times. Include examples of laws, trials and punishments.

 **Local Witch Trials**

Research witch trials in Northamptonshire or the surrounding area. Present your findings as a fact file, poster, newspaper report or illustrated information page.

**Computing – Word Processing**

 **Create an Information Leaflet**

Use a word-processing program to create a leaflet about forces or crime and punishment. Include headings, images, captions and neatly organised information.

 **Word-Processing Skills Guide**

Create a simple guide explaining how to edit and format a document. Include instructions for changing fonts, aligning text, inserting images and using bullet points.

We encourage your child to be creative, ask questions and enjoy exploring these exciting topics at home. Projects may be completed by hand or using a computer. All projects are due in by **Friday 16<sup>th</sup> October**.

If you have any questions, please do ask.

Kind regards,

Mrs. S. Marlow  
Kestrels Class Teacher
